# International students: welco'mines programme 2017

[www.mines-stetienne.fr](http://www.mines-stetienne.fr)

**INSPIRING  
INNOVATION**  
SINCE 1816

**In addition to the courses delivered within our Master of Science and Engineering programmes, an integration programme has been set on by Mines Saint-Etienne, called Welco'Mines Programme.**

It is dedicated to the reception and integration of international students and runs over the first semester period. Social activities aim to improve interaction between international students: Welcoming drinks, Welcoming and integration week-end in the South of France, Excursions, International diners, International students meeting in Lyon, Parties... Cultural and Industrial visits give the opportunity to discover French country, culture and industrial plants.

**Join the International Association and Facebook Welco'mines Group!**
